ABOUT US

Ideal Energy is licensed general maintenance and electromechanical contracting company serving a wide range of clients throughout Abu-Dhabi.

Our creativity flows into everything we do from smaller residential projects to large commercial and retail spaces. We enjoy providing solutions to everyday problems that our clients, builders, consultants face and make sure to always maintain high quality standards. No matter the size of the job, we provide the services you need to your home or business up and running.

Our main goal is to understand our client's key objectives and make sure we've provided the ideal solution to their problems. We believe in one-hundred percent customer satisfaction, and that's why all of our service technicians are some of the most highly skilled installers in the trade.

Furthermore, we are committed to reducing our environmental footprint by using energy efficient materials throughout our works while adhering to regulation standards.

When it comes to finding the right team to perform complex repairs and electrical installations, look no further than Ideal Energy.

WHY CHOOSE LESS WHEN YOU CAN HAVE RELIABLE

OUR PURPOSE

To be a leader service provider in the areas of maintenance, electrical and mechanical installations throughout Abu Dhabi.

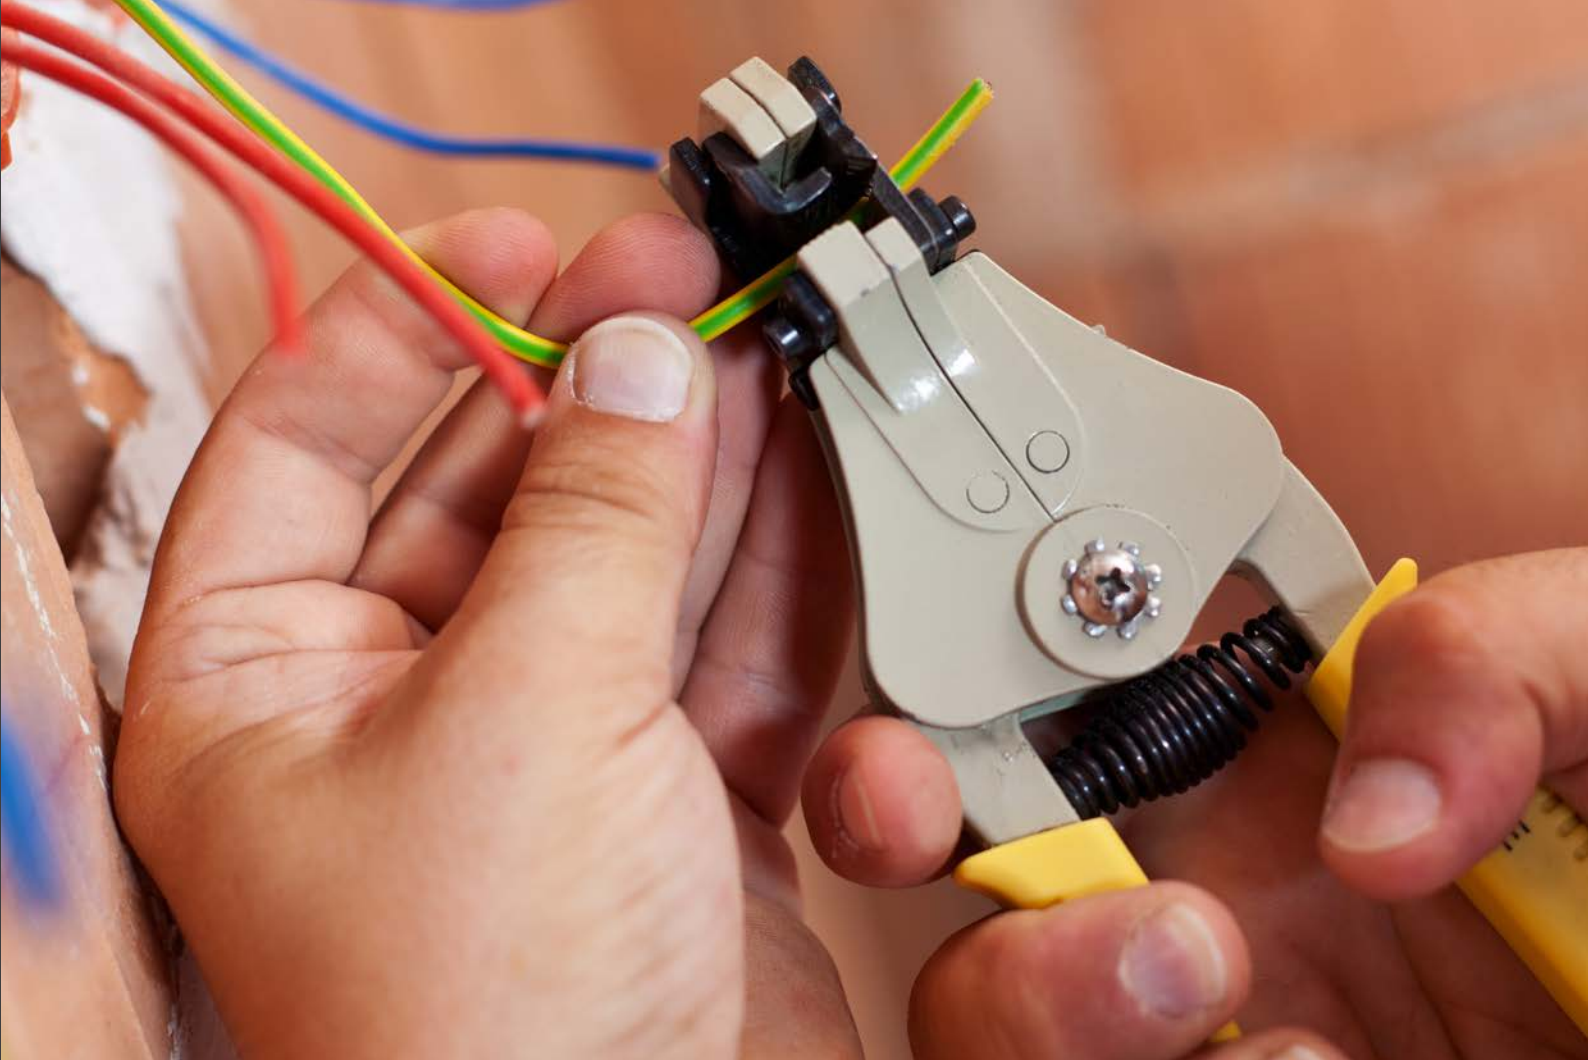

OUR MISSION

To build long term relationships with our customers and clients by providing exceptional customer services.

OUR VISION

To provide quality services that exceeds the expectations of our esteemed customers.

WHAT WE DO

We specialize in helping to power and electrify commercial spaces, retail spaces, homes, and just about every other type of brick and mortar business. We have extremely high standards when it comes to providing just the right type of tools to get the job done.

Ideal Energy expertise includes (but is not limited to) the following:

- Design and installation of structured cabling networks including CAT6, CAT6A, multimode and single mode fiber optic
- TV Distribution Systems
- Public Address Systems
- Audio Visual Systems
- Telephone cabling
- Cabling systems

Distribution Systems

- Cable Management Installations
- Lightning Protection Systems
- LV Switchgear Installations
- Standby Generators
- U.P.S Systems
- Earthing

Lighting Installation

- Internal Lighting Installations
- Emergency Lighting Systems
- External Lighting Installations

“WE **PROVIDE** THE
FINEST **TECHNICAL**
WORK AND CUSTOMER
SERVICE AVAILABLE.”

• HEALTH SAFETY

Every member of our staff whether in a management, supervisory or operational role is responsible for their own safety and the safety and well-being of those around them and affected by their activities. The Company sets policies, implements strategies and provides documentation and guidance to provide the tools for the individual to help achieve the Company's Health and Safety objectives. We place a very significant emphasis on health and safety and fully understand its importance.

Our staff receive substantial safety training and are fully aware of ADDC and Abu Dhabi Municipality Health & Safety Construction codes of Practice Manuals.

• ENVIRONMENTAL STATEMENT

All Ideal Energy personnel have a responsibility to protect the natural and built environment to work towards Sustainable Development and prevention of pollution from processes utilized by our company. We achieve this through minimizing the waste produced in all parts of our business, continuous improvement and development of our environmental management system and developing systems to implement and review this policy.

• ELECTRICAL DESIGN SERVICE

Ideal Energy provides a full electrical design service to our clients as per the regulation of RSB in Abu-Dhabi. This removes the hassle of dealing with separate architects and engineers for design work as we produce our own detailed layout drawings for a fraction of the cost.

OUR PHILOSOPHY

Our belief is that every homeowner, retail store, and office-building owner has a crystal clear vision for what they would like their future to look like. Therefore, we are dedicated to helping all of our clients create the best spaces and environments for their livelihood to thrive.

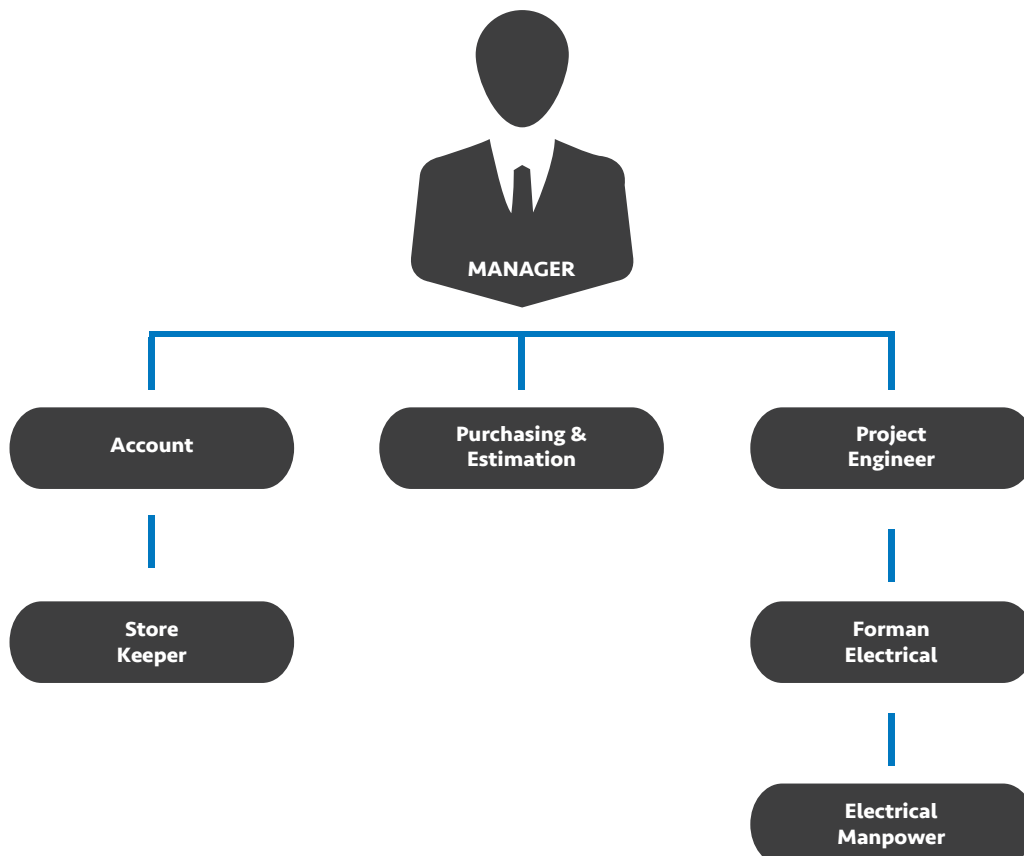

“We create ideal outcomes for our clients so they not only love their new space but feel good knowing they’ve got a quality installation at a competitive rate. ”
